Plan to Meet GMS / PMS 2015-16 Contractual Requirement for Patient Online Service

This practice plans to offer the facility for patients to view online, export or print detailed coded information held in their own records from **1st April, 2016**

This practice currently offers the facility for patients:

- to book, view, amend, cancel and print appointments online
- to order online, view and print a list of their repeat prescriptions for drugs, medicines or appliances
- to view online, export or print summary information from their record, relating to medications, allergies, adverse reactions and any other items agreed between the practice and individual patient

The GP Contract 2015/16 has been enhanced and now stipulates that practices are also to allow patients:

- Detailed coded records access (DCRA)

We will publicise and promote our online services to our practice's patients through the practice website, practice waiting room leaflets, posters and the Patient Participation Group by **1st April, 2016**

Please ask a member of staff for an application form if you would like to apply to access your records online.
